      i. As described in the existing bylaws, an Awards and Scholarship Committee will be formed to manage all of the training requests and will work with the EB for approvals. At this time, the EB is looking for an Awards and Scholarship Committee Chair. Any current member in good standing that is interested in filling this role, should contact Kimberly Kuszak by January 1, 2018 via kuszak@sarpy.com. b. Training Money Request Form
   i. Discussed the training budget and explained how the EB has allocated funds for future funding requests.
   ii. Kimberly Kuszak reviewed the new Training Money Request Form, Ryan Wineteer suggested to add the disclaimer on the form regarding the stipulation that while funds are set aside for EB Members to attend Conferences, and they are eligible to apply for additional funds, they may not use dual funding for the same training opportunity.
   1. Example; EB Members are allotted $600 each for National Conference attendance. They may apply for additional funds that are open to all other members, and if accepted, will not be able to “stack” the monies for the same National Conference attendance.
   iii. Megan Witherspoon requested we look at setting aside funds for annual TERT training.
   iv. Megan Witherspoon also requested that the EB give preference to funding requests that would bring trainer/classes to the area for group training rather than sending one or two people out of state for individualized training.
